## WARRANT FOR ANNUAL MEETING

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton on Tuesday the 12th day of March next, at nine o'clock in the forenoon to one o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers.
2. To hear the reports of town officers, agents and committees and pass any vote relating thereto.
3. To see if the town will grant the free use of the town hall for the following purposes: Roy Bent Post No. 10 American Legion, Wilton Fire Department for their annual party, Roy Bent Post No. 10 American Legion for Memorial Day exercises, School Lunches.
4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
5. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.
6. To see if the town will vote to authorize the Selectmen to sell and convey to Virginia M. Pelletier a small triangular piece of land on the south side of Clark Avenue between town road and land now owned by Virginia M. Pelletier, or take any action relating thereto.
7. To see if the town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.

8. To see if the town will vote to raise and appropriate the sum of \$201.00 to the Monadnock Region Association of Southern New Hampshire for the issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town in cooperation with the other thirty-seven towns of the Monadnock Region.

9. To see if the town will raise and appropriate the sum of \$4300.00 to renew Keyes bridge in West Wilton.

10. To see if the town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

11. To see if the town will vote to transfer from unencumbered surplus the sum of \$2000.00 as a Capital Reserve Fund for the erection of a suitable building for the use of the Fire and Highway Departments of said town in accordance with the provisions of Chapter 160 of the 1943 Laws of New Hampshire, or take any action relating thereto.

12. To see if the town will vote to include in the Wilton Traffic and Parking ordinances adopted at Town Meeting March 8, 1938, an article prohibiting all-night parking during the winter months where same would interfere with the snow plowing, penalty to be the same as for violation under Section 1 of above regulation, of not over \$1.00 for the use of the Town of Wilton.

13. To see if the town will authorize the Selectmen to appoint an Airport Committee of three citizens to consult with representatives of the Federal and State Governments and Airport Committee of the Town of

Milford, N. H., in all matters pertaining to the selection and approval of a suitable airport site in accordance with requirements for eligibility to receive such Federal or State funds as may become available for such purposes.

14. To see what action the town will take relating to authorizing a water main extension including hydrant, from Maple Street to Hampshire Hills Farms at a sum not to exceed \$2000.00, money to be taken from the Water Department.

15. To see if the town will vote to transfer from unencumbered surplus the sum of \$2000.00 as a Capital Reserve Fund for a Veterans' War Memorial in accordance with the provisions of Chapter 160 of the 1943 Laws of New Hampshire as amended, or take any action relating thereto.

16. To see what action the town will take relative to the report of the War Memorial Committee and raise and appropriate money towards the same or towards a further study of the project to secure plans and estimated costs for the same or take any action relating thereto.

17. To see what sum of money if any, the town will vote to raise and appropriate to acquire a Home for the Roy Bent Post, American Legion, as a living memorial to the veterans of World Wars I and II, or take any action relating thereto.

18. To see if the town will vote to accept as a town road, land deeded to the town for a road from the track at the Boston & Maine Depot to the present Souhegan Mills along the line where a new eight- inch water main extension was installed this past year to serve property in this area.

19. To see if the town wishes to take any action and

appropriate money for the collection of garbage during this year.

20. To see if the town will vote to close the road from High Mowing School east to corner of present High Mowing Farm, subject to gates and bars.

21. To see if the town will vote to close subject to gates and bars, the road leading to the old Ring farm now owned by William J. and Evelyn Holt.

22. To see what sum of money the town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, park and playgrounds, street lighting, municipal court, town poor, old age assistance, aid to soldiers and their families, Memorial Day cemeteries, interest, bonds, county taxes, Monadnock Region Association, libraries, town forest, bridges, new land and buildings, Planning Board, sidewalks construction, temporary notes, town dump and maintenance.

Balance on hand Dec. 31, 1945		\$40 05

In January of 1945 we were very pleased to receive a check for \$5947.95, being our share of the residue of the estate of James Day. Below we show an excerpt from the will of James Day:

"Tenth: Whatever balance there may be of my es-

tate, whether it be real or personal, and whatsoever kind or nature, I direct my executors to convert into cash, and that balance I give and bequeath unto the Towns of Milford, Brookline, Wilton and Amherst, New Hampshire, in equal shares in trust. These funds in trust are to be designated as the James Day Fund to be held by the respective towns and the income from the funds to be expended for the libraries in each of the said towns for any general or specific purpose as may be decided upon by the respective library trustees."

J. ELMER DRAPER,  
Secretary-Treasurer.

## REPORT OF WATER COMMISSIONERS

During the past year we have had about the regular number of goose-neck breaks.

No beaver damage has been noted this year.

The Souhegan Mills-Abbott Machine Company extension was installed. Due to the extra cost of the pipe and accessories and unusually bad digging the estimated cost of this work was exceeded.

The summer season was not very dry so ample water was available during the whole year. Water was used from both reservoirs during practically all the year.

JAMES L. SHELDON,  
LYNN W. POTTER,  
LESLIE N. CENTER,  
Wilton Water Commissioners.

## REPORT OF THE FIRE COMMISSIONERS

At the last town meeting the Selectmen were asked to appoint three Fire Commissioners for the ensuing year. Their appointments consisted of Leslie N. Center, Lynn W. Potter, and Whitney M. Frye.

During the past year the Commissioners handled the finances of the department, made policies, and purchased supplies.

The Ford car mentioned in last year's report was sold in the spring. Also the old compressor.

It was felt that the fire alarm announcement system needed changing, and new equipment was ordered and placed in operation late in the fall. The new equipment makes a code signal which is typical of modern systems. Tests of various horns are being made and the signal will probably be changed after further tests have been made.

A study of government surplus fire equipment was made, but it was decided not to consider any of this material.

The buildings in back of Main Street, which were condemned by the Fire Commissioners, have been removed, and the hazard is now eliminated.

The Commissioners feel that the fire equipment is in good order, and supplies, such as hose, ample. The firemen have shown excellent morale and efficiency during the year.

Respectfully submitted,

LESLIE N. CENTER,

LYNN W. POTTER,

WHITNEY M. FRYE,

Fire Commissioners.

## REPORT OF AUDITORS

We have completed our audit of the books of the various officers of the town for the year ending December 31, 1945, and find them in good order.

The records of the Trustees of the Trust Funds, Trustees of the Wilton Public Library, and Judge of the Municipal Court have all been checked and found correct.

We have gone over the records of the Water Commissioners for sales, receipts and uncollected balances as of December 31 and found them to be correct. Collections were properly turned over to the Treasurer regularly. The Town Clerk's records on registrations of automobiles and dog licenses have been checked and found correct. Collections have been turned over to the Town Treasurer promptly as required by law.

The uncollected accounts of the Tax Collectors and the Town Water Commissioner have been verified by sending individual notices to each debtor.

In our report for the year ending January 31, 1943 we went into considerable detail in regard to the outstanding accounts receivable in the Water Department. We are very pleased to note that a very sizable reduction has been made in the outstanding balances at the close of each year, as shown in the schedule below:

Balance outstanding Jan. 31, 1943	\$2450.65
Balance outstanding Jan. 31, 1944	1501.80
Balance outstanding Dec. 31, 1944	1559.00
Balance outstanding Dec. 31, 1945	1216.65

The Water Commissioners are to be commended on their splendid work in reducing these outstanding balances.

In checking the uncollected balances of the Tax Collectors we found the following outstanding polls:

Year	Polls Uncollected	Amount
1945	286	\$1407.76
1944	45	218.00
1943	2	4.00

While this is in line with the condition at the close of previous years, we feel that with more aggressive action before the end of the year, much of this could have been collected. On the 1945 levy of approximately 1,000 polls there are more than 25% still uncollected.

With the authority given the Tax Collector by the statutes it would seem unnecessary that there would be uncollected polls for previous years.

The records and reports of the Selectmen and the Town Treasurer have been checked and found correct. All invoices paid were on file and properly vouched for.

We very much appreciate the cooperation of the Town Officers in presenting their records for audit so promptly, and congratulate them on their appearance.

J. ELMER DRAPER,  
JOHN P. LAWRENCE,  
Auditors of the Town.

February 21, 1946.

## REPORT OF THE WILTON SCHOOL BOARD

The objectives of the Wilton School Board for the past year have been four-fold, as follows:

- I. To set up a curriculum for the school.
- II. To appoint a staff of teachers to carry it out.
- III. To maintain the school properties.
- IV. To plan for the future.

Shall we consider each objective?

I. A **general education for all** has been our aim. A few years ago a system of comparative tests was instituted for the guidance of pupils into proper courses in the high school. These tests were given in the eighth grade. Today the results of this guidance program are seen in the Junior and Senior classes. Under the able guidance of Mr. Paire further progress will be continued.

The High School faculty and headmaster have been holding meetings to consider the town's educational needs. Their findings were discussed with the School Board and Mr. Ames. A curriculum that will include subjects to prepare all pupils, whose capabilities warrant it, for entrance into any school of higher education, seems to be necessary. It may not be possible to attain this end on a limited budget but it is a star at which to shoot. We feel that a few fundamental subjects well taught and a standardized marking system would be to the best interest of the students.

II. During the war it was difficult to maintain a full staff of instructors, but we were fortunate in being able to hold our full quota this year. In September we added to our staff Mr. Adrian Bourdon, former Army Major, as a part time shop teacher; Miss Maude Whitcomb, a former graduate, as a Home Economics teacher; Miss Priscilla Willard, as a Junior High instructor and Miss McKernan in the Commerce department. There were no changes in the grades.

In December Mr. Gray asked to be released to take a more responsible position and we accepted his resignation with regret. The position is filled by Mr. Newell Paire, recently released from the Navy.

Miss Willard, of the Junior High department, resigned to be married and Mr. Haire came to that position.

III. The difficulty of obtaining materials and labor has made the problems of maintenance unusual this year. This is not a local condition, as we all recognize, and we hope that another year will bring about many needed changes.

IV. The increasing size of the lower school and the more gradual increase in the High School population has brought about a need for more rooms. In all fairness to everyone the two schools should be separated. At the present time the sixth grade occupies one of the much needed high school rooms. This results in a doubling up of study and recitation classes which is not efficient.

To relieve this situation, Mr. E. J. Abbott has generously offered the former Unitarian Church as a gift to the School District. This offer should be given careful consideration and study on the part of both voters and School Board members.

We, as a board, wish to express our appreciation to all those who have cooperated to make our school a success. The school alone cannot mould future citizens. It is the assistance from the home and the church working in combination with the school that makes our objectives possible.

ELIZABETH M. PIERCE,  
MILDRED T. PETERS,  
C. RANDOLPH MYER, Jr.,  
School Board.

## REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Wilton:

I respectfully submit my twenty-third annual report as Superintendent of Schools.

A year ago I called your attention to the increasing costs of public schools, and made the statements that money expended for sound education is not to be regarded as a burdensome cost but as a productive investment; that the greatest waste we can make is to spend too little on education; and that every community should plan its budget with a view to making its schools as effective as possible.

Today the greatest hindrance to effective schools is the lack of a sufficient number of well qualified teachers. Contrary to the supposition that the ending of the war and the cessation of war industries would release a great many teachers to resume their profession, it has resulted, rather, in the case of women teachers, in a demand to be released from teaching by many whose husbands are discharged from the service. It is true that more men teachers are available as a result of the demobilization, but the great majority of teachers are women.

280,000 teachers in the United States left the profession during the war because they could not live on the salaries they were receiving. Some 80,000 emergency teachers with inferior qualifications have come in; thousands of positions have been abolished; class rooms have been crowded; and there are still around 10,000 unfilled teaching positions. The number of people training to become teachers dropped 60% during the war period. The schools of the Nation are confronted with a most critical situation which can only be remedied by making the teaching profession more attractive to young people, and that means, primarily, higher salaries.

According to the latest compilation of annual average salaries by states, twenty-two of the forty-eight states were paying higher average salaries than New Hampshire. In other words country-wide average salaries are about the same as New Hampshire is paying. Our near neighbors to the South are paying from one-half to two-thirds as much again in salaries, and the average salary in New York State is nearly double that in New Hampshire. It is only natural that we should lose many of our best teachers.

### **Teacher Salaries in New Hampshire**

A tabulation of salaries paid to **Elementary** teachers in New Hampshire this year shows that:

In the sixty-three small towns with less than 600 population the lowest salary paid is \$1000, but only sixteen towns are paying less than \$1200; eleven towns are paying from \$1400 to \$1500; the five towns of this Supervisory Union that fall in this population group (Francestown, Greenfield, Lyndeborough, Mason and Temple) are paying from \$1200 to \$1350.

The fifty-two towns in the population range from 600 to 1000, including New Ipswich, are paying from \$1000 to \$1850.

The twenty-nine towns with populations from 1000 to 1500, including Greenville, are paying from \$1100 to \$1900.

The twenty-six towns including Wilton in the population range from 1500 to 2500 are paying from \$1000 to \$2200 per year for elementary teachers.

With regard to **High School** teachers' salaries the following information is taken from the same survey:

1. **Headmasters:** 14 towns having less than 1000 population pay from \$1600 to \$3000 with a median salary of \$2550; 38 towns having a population from 1000 to 2500 pay from \$2000 to \$3450 with a median slightly above \$2700; 21 towns having a population from 2500 to 8000 pay from \$3300 to \$3600 with a

median of \$3200. Cities pay from \$3500 to \$4700.

**2. Men teachers:** Five small towns employing men teachers pay from \$1500 to \$2500 with a median just under \$2000; the median in the larger towns is \$2125, and in the cities \$2400.

**3. Women teachers:** 13 small towns pay their women High School teachers from \$1200 to \$2400 with a median of \$1550; 39 towns from 1000 to 2500 population pay up to \$2000 with a median of \$1500; the larger towns pay as high as \$2200; and the cities pay up to \$2780.

Several cities and large towns are working on new salary schedules in an attempt to stabilize the situation, and some of them are working toward schedules that will make no distinction between men and women or between high school and elementary teaching positions.

Many of the smaller towns find it difficult to raise the money to pay higher salaries, but until the State Legislature appropriates more money for State Aid than it has done in the past there seems to be no other way to secure well qualified teachers, or indeed any teacher at all for some positions.

### **Record of Wilton High School Graduates in Colleges**

Two years ago I summarized the records of eighty-two Wilton High School graduates at twenty-one different Liberal Arts and Technical Colleges, beginning with the graduating class of 122. The table below is an attempt to put that report in a more condensed form. In interpreting the table, one should keep in mind that the high school passing grade is 70 while the college passing grade is 60. It should also be noted that the high school does not recommend a student to college whose high school average falls below 85, yet thirty-three of our graduates with average marks below that figure have met with a fair degree of success

in college, with three exceptions which date back about fifteen years.

The first line of the table indicates that 24 students, who maintained high school average marks of 90 or better, broke into four groups in college: one maintained an average in college of 90 or better, eight made average grades between 85 and 90; seven between 80 and 85; eight between 70 and 80; and no one fell below 70.

The second line of the table shows that twenty-five whose high school average was between 85 and 90 also broke into four groups in college: three made an average between 85 and 90; five between 80 and 85; fifteen between 70 and 80 and two between 60 and 70.

The other two lines of the table and the line of totals may be read in the same manner.

### Testing Programs

The Metropolitan Tests have been used once or twice each year in Grades One through Three, and the Stanford Achievement Tests in Grades Four through Eight, as has been noted in my reports for many years.

For the past five successive years we have attempted to get data regarding the effectiveness of teaching in the High School that would indicate where the weak spots lie, with interpretations from an outside source that will enable us to direct our teaching to-

ward this removal. For this purpose we use the Co-operative Tests published by the American Council on Education in New York City. These tests were given in only three subjects the first year, but we have increased the number until in June, 1945, they were given in nearly all of the so-called academic subjects, in the grades where each particular subject is taught.

These tests are designed to be given at the end of the year, and the results are compared with the results obtained in public schools throughout the country. The tests are shipped to us just before the scheduled time with minute directions for the person who is to administer them. Immediately after the tests have been taken by the pupils they are shipped back to the Council on Education where they are checked and scored and where a tabulation of results is prepared and returned to us with a letter of interpretation and comment. The writer of the 1945 report said of the results in general:

"As you will note from an examination of the tabulation sheets, the results of your students compare very favorably with those of the norms groups, consisting of students in public secondary schools in the East, Middle West, and West. Of a total of 81 median scores, 52 scores obtained by your students have very nearly equalled or exceeded the median scores of the norms group, and the median scores falling below those of the norms group are, for the most part, not seriously low."

Detailed comments were made on the individual tests pointing out weaknesses in the mechanics of English in Grades 7, 8, 9, but noting good results in the three upper grades and in the other phases of English, such as vocabulary, speed and comprehension for all six grades. In the French tests, comprehension was shown to be below standard. All of the tests in Social Studies gave results which were commendable. Weak-

nesses were pointed out in some of the Science and Mathematic tests. The reports and suggestions made by the Council are turned over to the Headmaster for his use in guiding the work of the teachers during the succeeding year.

### School Lunch

The School Lunch has been in operation several years at the Town Hall dining room, free use of which was voted at the last town meeting. The work is done by four ladies with occasional added assistance. During the school year 1944-45 it was in operation eight months from November 1 to the closing of school in June, with an average of ninety-three pupils served each day. Pupils in Grades 1 and 2 pay 10c per meal and all others pay 15c per meal.
